

FOR IMMEDIATE RELEASE

4th October 2013

STORETEC SCOOPS ANOTHER NATIONAL AWARD

Hull-based international document scanning and storage company, Storetec Services, has been named national Outsourcing/Bureau Business of the Year at the Document Manager Awards 2013. It comes only a few months after winning the UK Overall Business of the Year 2013 title at the Business Excellence Awards.

The Document Manager awards, which honour companies in the Document, Records and Content Management, Imaging and Capture Industry, are decided on by a public vote. The winners are those who have made a significant impact with the readers of Document Manager Magazine.

Dave Wilkinson, Sales Director for Storetec, which scans 5 million documents per month, said:

“We are delighted to have won this accolade, particularly because it was our customers who came out in force to support us. We have a great team at Storetec and this is all down to their hard work, commitment and enthusiasm. Our customer care is our top priority, so it’s great to have been recognised like this. And coming so soon after our other national win, this year is fast becoming one of our best.”

The winners were announced at an awards ceremony in London on 3rd October, 2013, by ex-England cricket captain Chris Cowdrey.
